NOW ANNOUNCE

NEW! NEW! NEW! NEW!

M I C R O - D R A W

FOR THE

BRITISH MICRO "GRAFPAD"

LOW COST, HIGH PERFORMANCE

EXCITING, GRAPHICS DESIGN PROGRAM.

With some exciting ideas to aid many areas of Computer Artwork and Design

Some of the Many Functions available:

AIRBRUSH allows you to shade areas as never before.

CIRCLES and ELLIPSES drawn easily. PIE Charts become a piece of CAKE.

CHARACTERS created using either those resident in the BBC Microcomputer or to your own design.

OVERLAY function allows placing of any number of pictures over each other.

SQUASH, STRETCH or ENLARGE your pictures.

WRITE function allows text to be small or large, at varying angles on the screen, even inverted. Put together with the Tail or GCOL functions some spectacular results can be achieved.

At the LOW PRICE of £25.00 inc VAT You have to see it to believe it.

Contact your Local **GRAFPAD** Dealer for Demonstration.
