WHY IS IT SO LOW IN PRICE?

The answer is simple, we've taken existing technology and components, no R + D costs and combined them with modern manufacturing and quality control techniques to produce an inexpensive but state of the art product.

DOES IT DO EVERYTHING WE SAY?

We've bought BT approved components. We are also giving a 6 month 'no quibble' guarantee. In the unlikely event that you have a problem, simply let us know and we'll send you another machine or refund your money in full.

EASY TO USE?

You don't need to know anything about baud rates or protocol or 'handshaking' simply plug it in and talk to the world.
