Microworld are one of the top 100 U.K. suppliers of computer hardware and peripherals with a growing presence in Europe.

We have vast experience of the educational market, and can offer supply, installation, service and advice on a vast range of computers and peripherals.

Microworld are able to offer service second to none, with our

own maintenance centre, staffed by fully qualified engineers.

Our latest project involves us as consultant hardware suppliers for SCAMP Software. SCAMP is a Schools Computerised Administration and Management system which has been developed through the combined efforts of Scottish Authorities and the Department of Trade and Industry, in a new initiative.
