STACK RS232 INTERFACE

SUITABLE FOR VIC 20,CBM 64,CBM PLUS 4,CBM 128

The interface is a cartridge like device which plugs into the user port.
It provides a standard D 25 connector for the serial device.
The interface requires no software and is fully compatible with the CBM.

* FULLY COMPATIBLE with both CBM commands and RS232 standards.

* STANDARD CONNECTOR device supplies MALE D25 connector.

* FULL +/- 12volt operation.

* TRUE AND INVERTED SIGNALS handled by special select system.

* TRULY COMPREHENSIVE MANUAL with sample programs, circuits, lead formats,
  configuration tables and trouble shooting guide.

* ENABLES USE OF TYPEWRITERS, MODEMS, PRINTERS etc.

* CUSTOM LEAD service available for your device.

CAT.NO. A0012   £33.00

UNIVERSAL CENTRONICS INTERFACE

FOR VIC20, CBM16, PLUS 4, CBM64, CBM128

This interface connects to the serial printer/disk port.
The computer is led to believe that it is connected to CBM1525 printer.
The data and control codes from the computer are translated into those
that the connected printer expects to see.

By correctly setting a bank of 8 switches within the interface the printer
will be able to print ALL CBM SPECIAL GRAPHIC SYMBOLS and SCREEN PICTURES.

Clearly not all printers can do this (daisy wheels can't print CBM symbols)
but most current models are catered for and all types will at least print
normal characters and symbols.

Power is drawn from pin 18 of your Centronics printer normally
but a C2N style cassette connector is provided if this is unavailable.
NOTE on C16 and PLUS 4 a convertor from small round plug to C2N plug
is required.See leads section of this catalogue.

* USES NO MEMORY

* 100% CBM COMPATIBLE

* COMPLETE + good documentation

* CBM GRAPHICS & PICS on most matrix printers

         CAT.NO. A0036   £59.95

STACK CENTRONICS INTERFACE

Consisting of a round cable approximately 2m long with suitable connectors
at each end for the CBM user port and a Centronics device together with a
cassette or disk containing special printer software.

* COMPATIBLE with WORDCRAFT, SIMPLY WRITE, VIZAWRITE, EASYSCRIPT etc
  and most popular spread sheets etc.

* EASY TO USE only 4 INSTRUCTIONS simple Basic sys commands give 4 functions
  simplified to effectively ON, OFF, RELOCATE, COPY.

ADVANTAGES:-   cheap
                  simple to use

DISADVANTAGES:- not compatible with all software

VIC 20 VERSION	(Tape)	CAT.NO. B0021	£19.00

COMMODORE COMPATIBLE CASSETTE

A high quality cassette recorder suitable for use with Commodore computers
Preset record and playback levels to be compatible with computer.
The unit has a robust cream ABS body with brown "piano" control keys and
features a tape counter, auto stop and a recording indicator
An adaptor to C16 and Plus 4 is included.

* HIGH QUALITY CONSTRUCTION

* AUTO STOP

* RECORD INDICATOR

* TAPE COUNTER

* C16 & PLUS 4 ADAPTOR INCLUDED   CAT.NO. A0081   £22.50

CARTRIDGES FOR CBM 64

QUICK DISK +   CAT.NO. A0029   £19.95

A cartridge with FAST LOAD, SAVE, FORMAT, up to 5 X speed
FAST BACKUP, FAST FILE COPIER, IMPROVED DOS COMMANDS (DOS 5.1)
includes CENTRONICS software with graphics (cable req'd)
RESET SWITCH (preserves tape buffer). NO MEMORY USED.

FREEZE FRAME II CAT.NO. A0030   £39.95

The ultimate tape or disk copier ..simply load..press button..
select tape or disk..it does the rest. Handles TURBOS etc
Reload independant of cartridge.

1541 EXPRESS   CAT.NO. A0050   £19.95

Speeded Disk LOAD/SAVE cartridge..loads EASYSCRIPT, SUPERBASE
and many more at 3 times normal speed. Totally transparent
using 2 clips inside C64. Auto loads from Load "*",8,1
from shift run/stop key.

TURBO'S   see chart for features

TURBO 10	CAT.NO. A0051	£24.95
TURBO 20	CAT.NO. A0052	£24.95
TURBO 30	C .NO. A0053	£29.95
TURBO 40	CAT.NO. A0054	£34.95
TURBO 50	CAT.NO. A0055	£39.95

THE FINAL CARTRIDGE   A0056   £45.00

A new operating system for the 64 plugging into the cartridge port.

*DISK TURBO 6 times faster load 8 times faster save.

*TAPE TURBO 10 X faster load & save even files. uses normal commands.

*SCREEN DUMP full screen dump with 12 grey shades for colour pictures.
  NB. Centronics or CBM 801/803 serial.

*24K EXTRA RAM for basic programming made available from 64K in CBM64.

*BASIC 4.0 COMMANDS/BASIC TOOLKIT/PREPROGRAMMED FUNCTION KEYS/MONITOR

*RESET SWITCH default to monitor/old/hi-res print etc.

*FRAME FREEZING stops most programs to allow backup to tape/disk.
  packs the program. 4 to 6 times faster than dedicated freezers.
  Menu driven with options.

*TRAINING MODE kills sprite collision detection, gives more game lives.

C64 CARTRIDGES CONTINUED

ARROW   CAT.NO. A0001   £16.00

* HIGH SPEED CASSETTE functions load/save/verify (7x normal)
* HIGH SPEED TAPE POSITIONING
* MACHINE CODE MONITOR (Superb CBM TIM type)
* HEXADECIMAL CALCULATOR/CONVERTOR

ARROW PLUS   CAT.NO. A0002   £24.00

*ALL ARROW FEATURES
*COMPREHENSIVE 6502 ASSEMBLER
*SUPPLEMENTARY DISASSEMBLER (on tape)

HELP   CAT.NO. A0006   £19.00

*20 EXTRA BASIC COMMANDS
    append, help, find, delete, genline, trace, single step,
    end, renumber, variable dump, matrix dump, page list,
    hex/dec, dec/hex, open-close-cmd, kill, free memory,
    repeat, protect
*COMPREHENSIVE DISASSEMBLER & MONITOR
    modify address, modify data, output to screen
    output to printer, display C64 memory, display disk memory
    increment address, decrement address, disassemble one command
            continuous disassemble, slow scan, move, etc.
*DISK OPERATING SYSTEM SUPPORT
    one key stroke commands for all functions.

SUPER HELP   CAT.NO. A0017   £29.00

*ALL HELP FEATURES
*FULL SYMBOLIC 2 PASS ASSEMBLER
    operate with 1541 disk drive, supports full 56 opcodes
    labels, remark fields,pseudo-opcodes:byte, word, text, disk,
    end, load, equals.

C64 UTILITIES

TAPER   CAT.NO. A0022   £ 5.95
 Backup software for normal load programs.

FASTBACK   CAT.NO. A0023   £ 9.90
 Turbo backup software for normal load programs.

BIG MOUTH   CAT.NO. A0024   £ 7.95
 Software speech synthesiser

DISCO   CAT.NO. A0025   £ 9.90
 Tape to disk transfer software for normal load programs.

ROCKET   CAT.NO. A0026   £ 7.95
 Programming utility to allow your own fast load and saves.

DISK DISECTOR   CAT.NO. A0027   £29.95
 NIBBLER copier, fast file, fast format, scratch, unscratch
 rename, re-I.D., SECTOR/BAM manipulation etc. TRULY COMPREHENSIVE.

DOUBLER   CAT.NO. A0028   £12.95
 Hardware and software device for tape to tape copies inc. turbos.

SLOMO   CAT.NO. A0020   £14.95
 Hardware device to slow or stop programs...super for games.

ROM CARRIER   CAT.NO. A0016   £12.00
 Blank Cartridge to accommodate 2x4K Eproms

PLASTIC CARTRIDGE CASE CAT.NO. K0651   £ 1.00
 A pair of snap shut plastics to enclose C64 cartridge.

INTERPOD RS232 & IEEE INTERFACE

FOR VIC 20, CBM 64, CBM 128 (not cp/m)

INTERPOD connects to the printer/disk serial port. of the computer and
provides BOTH RS232 AND IEEE 488 interfaces to industry standards.

Power is provided by means of a special mains adaptor supplied complete.

INTERPOD is 100% software compatible since it emulates a CBM printer.
Since the device does not use the cartridge port no memory is used.

* FULLY BI-DIRECTIONAL

* INDUSTRY STANDARD CONNECTORS

* TRANSPARENT TO USER

* 100% SOFTWARE COMPATIBLE (not CP/M on 128)

CAT.NO. A0031   £59.95

STACK 4 SLOT MOTHERBOARD

The MOTHERBOARD is a 4-goes-into-one adaptor for the CBM cartridge slot.
It has several important design features for maximum flexibility in use.

* A UNIQUE SWITCHING SYSTEM
for each of the slots controling power and select lines
ensuring control of even non-standard cartridges.
Cartridges may be turned on or off without removal.

* COMPATIBLE CARTRIDGES
compatible cartridges may be switched on together.

* A RUGGED CONSTRUCTION using rigid quality materials it is easily fitted or
removed it is cased on the underside for support and open topped for easy
accommodation of the most irregular cartridges. Vertical cartridge mounts
give COMPACT size and simplified access to cartridges.

VIC 20 VERSION   CAT.NO. B0005   £15.00

CBM 64 VERSION   CAT.NO. A0011   £28.00

CBM 64 MODEM VERSION   CAT.NO. A0042   £28.00
(This configuration has the fourth slot horizontaly mounted
to accommodate a MODEM).

BLITZ COMPILER (DISK BASED)

Fully CBM 64 compatible compiler which produces programs which operate
MANY TIMES FASTER than the normal basic interpreter on the CBM64.

The program enables a program written in Basic, or Basic and machine code
to run at speeda approaching those achieved by good machine code authors.

The system translates Basic programs into a special P-code with very low
run time overheads. This P-code is executed much more rapidly than the
original program. Moreover large Basic programs become smaller and need
less memory and disk space.

Operation is simple, just tell the compiler the name of the program to
be compiled and it will compile it to disk and produce a cross-reference
file to trace any execution errors in your program back to line numbers.

The compiler recognises extensions to Basic such as SIMONS BASIC and will
permit OVERLAYS and CHAINING with passed variables.

Compiled programs cannot be LISTED and security can be easily achieved by
incorporating a simple password routine so that any copies made will not
run without the password.
NOTE. compiled programs run independently of the compiler.

                CAT.NO. A0004   £15.00

STACK LIGHT PEN

The STACK LIGHT PEN is carefully designed to exactly match the performance of each different computer and is as accurate as that computer can be! The pen is able to instantly inform the computer where it is positioned on the screen of your T.V. or monitor.
A unique touch switch system is used to tell the computer that you are ready for it to respond thereby eliminating those frustrating accidental readings. The pen is attached to the computer by a specially designed coiled cable made specifically for Stack giving the lightest cable able to withstand an incredible number of bends and stretches in use.
The highest quality materials are used throughout from the ultra fast light sensors to the durable injection moulded plastics and mirror chromed touch-contacts.

CBM VIC 20 Version   CAT NO. B0002   £28.00

Supplied complete with full colour FREE HAND DRAW software and 10 pen games.

Features include:- Freehand drawing with various nibs
                    Circle (draw circles about centre and point)
                    Rectangle (draw rectangle on diagonal points)
                    Line (draw line between points)
                    Fill (fill shapes with colour)
                    Invert (eg swap black for white)
                    Zoom (magnify area of picture for detail)
                    Lock (fix horizontal or vertical movement)
                    Get (pick up selected part of drawing)
                    Put (put down GOT piece of drawing)
                    Exchange (swap 2 drawing screens..animation)
also Save/Load pictures to disk or tape
     Print pictures on suitable printer
     Copy one screen to another or merge them together.
     Label or title pictures with Text function etc.etc.

GAMES:-Othello (16th century board game)
       Seek and Destroy (Battleships)
       Simon (follow colour & sound sequences)
       Life (form cell membranes and watch evolution)
       GO (Oriental board strategy game)
       Draughts (classic game,Kings,Forcing etc.)
       Crossword Twister (Scrabble like crossword different each time)
       Lost in Labyrinth (arcade style fun)
       Concentration (well known memory card game of pairs)
       Shuffler (rearrange shuffled numbers/shapes within grid)

A fully detailed manual instructs on use,programming and transfer to disk.
sample program listings also included

          PAINTBOX DRAWING SOFTWARE ONLY
  (as detailed above)   (tape)   Cat.No.B0023   £ 5.75

10 LIGHTPEN GAMES
·(as detailed above)   (tape)   Cat.No.B0024   £ 5.75

          ORDER BY PHONE ON 051 521 2202 USING ACCESS OR VISA CARDS.

CBM 64/128 Version   CAT.NO. A0008   £28.00

Supplied complete with "PAINTBOX" FREE HAND DRAW software and 10 pen games.

Features include:- Freehand drawing with various nibs
                    Circle (draw circles about centre and point)
                    Rectangle (draw rectangle on diagonal points)
                    Line (draw line between points)
                    Fill (fill shapes with colour)
                    Invert (eg swap black for white)
                    Zoom (magnify area of picture for detail)
                    Lock (fix horizontal or vertical movement)
                    Get (pick up selected part of drawing)
                    Put (put down GOT piece of drawing)
                    Exchange (swap 2 drawing screens..animation)
also Save/Load pictures to disk or tape
     Print pictures on suitable printer
     Copy one screen to another or merge them together.
     Label or title pictures with Text function etc.etc.

BALLPOINT TRACKERBALL

(FOR C64 AND C128)

* OPTICAL TRACKER BALL

* BALLPOINT COLOUR DRAWING SOFTWARE

* FUNCTIONS AS JOYSTICK TOO

A superbly smooth optical trackerball system for the C64 AND C128
with a switch to change from ball to joystick mode. Ballpoint is
100% Machine Code Program in Multicolour mode giving two screens
of 160 x 200 pixels. Disk or tape picture saving, Printer output,
Icon manipulation and Zoom feature for extreme detail work.

* Over 20 Ball-selected commands * Pick-up-and-move Feature
* Extra One-Key commands * 16 colours-Use any 4 at once * Accurate

BACKGROUND	GET	PLOT XOR
CIRCLE	LINE	PUT
CLEAR	LOCK X	QUADRILATERAL
COLOUR	LOCK Y	READ
COPY	MERGE	UNPLOT
EXCHANGE	NIB	WRITE
FILL	OUTPUT	ZOOM
	PLOT OR	ETC.

By selecting apropriate functions from the MENU it is a simple matter to
create colourful detailed drawings using a combination of built in
shapes and freehand motion. Pictures may be saved and loaded to disk
or tape and output to printer (MPS801,1515,1525 or Epson).

MS-2000 MOUSE

(FOR C64 OR C128) MSX VERSION AVAILABLE

The MS-2000 is a sleek and smooth mouse for use with the C64 and C128
computers for the generation of superb graphic images.
The software is ICON driven and uses a series of pull down menus.
The software is supplied on cassette as standard with a disk an optional
extra.

COMMANDS INCLUDE:-

Border colour	Clear
Cursor colour	Scroll/Pan
Line colour	Reverse
Line thickness	Undo command
Mirror Image	Tile Pattern (32 options)
Load	Function Select
Save	Line
Print (MPS801/MPS803/1525)	Freehand
Spray (colours & tile patterns)	Dotted Freehand
Canvas colour	Rectangle
Zoom	Box
Palette	Circle
Paint	etc.

The MS-2000 is a high quality mouse with a rubber coated ball which is
quiet and will not lose accuracy by slipping. The hardware incorporates
an optical coding technique giving 100 points per inch. It is accurate
reliable and repeatable.

CBM	(Cassette)	CAT.No. A0058	£64.90	
CBM	(Diskette)	CAT.No. A0059	£68.40

STACK LIGHT PEN

The STACK LIGHT PEN is carefully designed to exactly match the performance
of each different computer and is as accurate as that computer can be!
The pen is able to instantly inform the computer where it is positioned on
the screen of your T.V. or monitor.
A unique touch switch system is used to tell the computer that you are ready
for it to respond thereby eliminating those frustrating accidental readings.
The pen is attatched to the computer by a specially designed coiled cable
made specifically for Stack giving the lightest cable able to withstand an
incredible number of bends and stretches in use.
The highest quality materials are used throughout from the ultra fast light
sensors to the durable injection moulded plastics and mirror chromed touch-
contacts.

BBCB OS1.2 (or later) Version   CAT.NO. C0002   £28.00
