

PROTECT YOUR MOUSE WITH

THE CPM COMPUTER

MOUSE PADTM

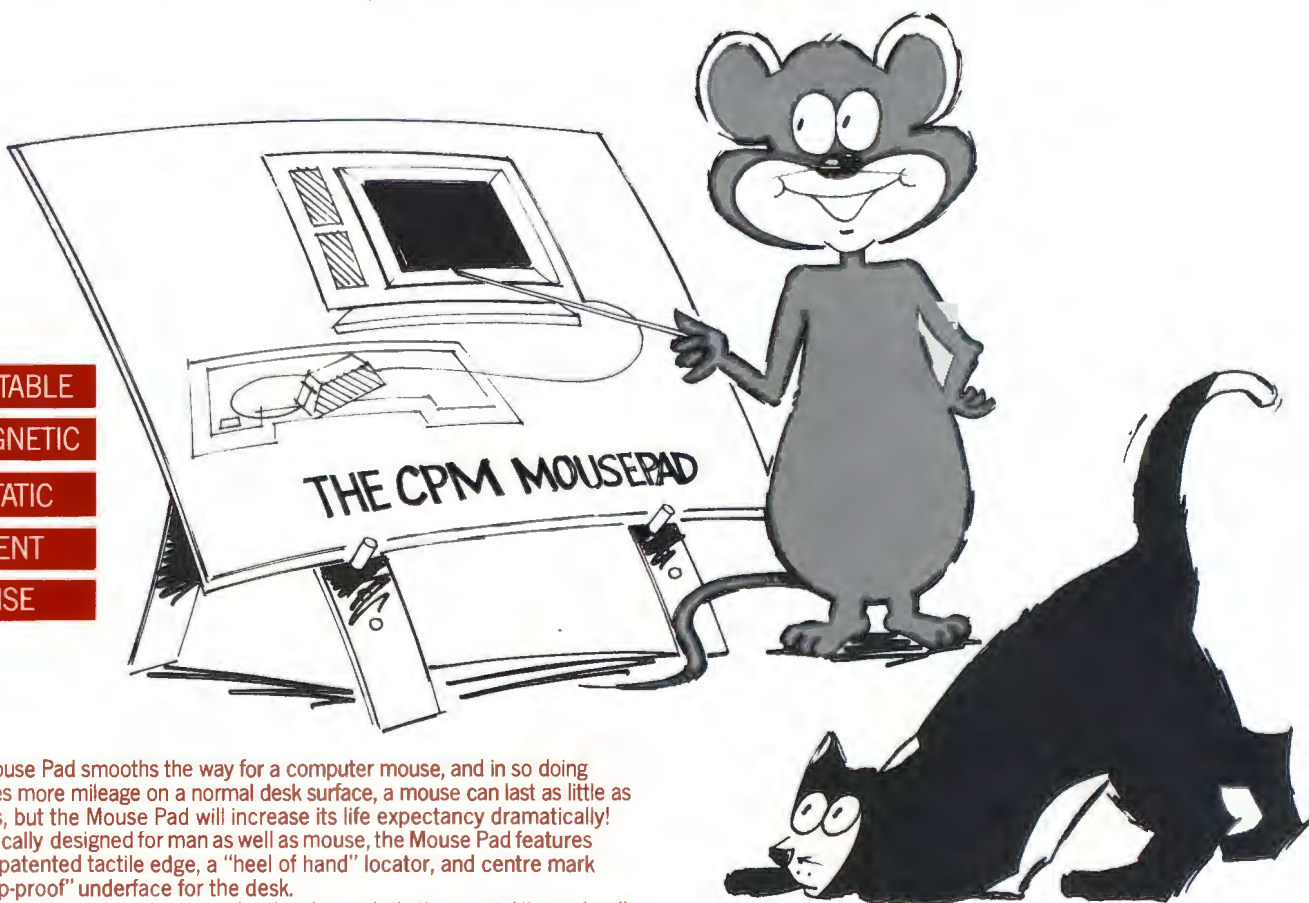

COMFORTABLE

ANTI-MAGNETIC

ANTI-STATIC

EFFICIENT

PRECISE

The Mouse Pad smooths the way for a computer mouse, and in so doing guarantees more mileage on a normal desk surface, a mouse can last as little as 150 miles, but the Mouse Pad will increase its life expectancy dramatically! Ergonomically designed for man as well as mouse, the Mouse Pad features a unique, patented tactile edge, a "heel of hand" locator, and centre mark and a "slip-proof" underface for the desk.

Stain-resistant and easily cleaned with a damp cloth, the special "non-glare" surface of the Mouse Pad inhibits reflections from the monitor screen, and creates a perfect ecological environment for the computer operator's faithful friend!

PREVENTS SLIP & BOUNCE

THE MOUSE PAD REDUCES WEAR TO A MINIMUM
